

## **Peter C. Weiglin**

**May 2, 1938 – March 31, 2023**

It is with great sadness we report long-time Division 7 member Peter Weiglin passed away on Friday, March 31, 2023 at the age of 84. Peter was an accomplished author, teacher, broadcaster, producer, narrator, historian, speaker and railroad modeler. He had an MBA degree from the University of Pittsburgh, authored or co-authored at least 6 books on a variety of marketing, computing, arts and railroad topics, plus wrote, produced or narrated many TV or radio segments, including hosting the weekly radio show “Stage and Soundtrack” on WMKV at 8 to 9 pm every Sunday night (see <https://wmkvfm.org/programme/stage-and-soundtrack/>). Years ago, Peter helped revitalize the public transit industry and also taught management and marketing at the University of California at Berkeley Extension.

Peter was an avid model railroader and railroad enthusiast including a life membership since 1954 in the National Model Railroad Association (NMRA). He was an active trustee of our Cincinnati Division 7 of the NMRA and Chair of our annual Spring Flea Market. Peter’s prior Division 7 roles included Superintendent, Nominating Committee Chair, and emcee at the 2018 Cincinnati Express regional convention banquet. He was also active in the NMRA when he lived in California, as well as the arts community there. Peter was also engaged in the Pennsylvania Railroad Technical & Historical Society and his HO scale model railroad reflected that interest.

See our Division 7 website for additional notices and perspectives on Peter’s life. A memorial service and reception celebrating Peter’s life was held on Saturday, April 29 at Faith United Methodist Church in Batavia, Ohio.

Our heartfelt condolences go to Peter’s wife Jeanne, and all his friends and family.
