

Lou Sassi Cincinnati Area Layout Shoots for Kalmbach Media - by John Burchnell

Division 7 enjoys a productive relationship with model railroad photographer, author and modeler Lou Sassi. So far Lou has either photographed or is scheduled to photograph a total of 42 Cincinnati area layouts for articles in Kalmbach magazines. He's also scheduled or shot 25 other layouts in neighboring cities. This started in the early 1990's when Mike Brestel brought video producer Allen Keller to visit the Eastern Loggers. Allen referred the Loggers to Lou. Here's a list of all the layouts Lou has or plans to photograph in this area, with disposition and publication specifics. Amazingly, 16 Cincinnati area layouts have been published in Kalmbach's annual Great Model Railroads magazine plus 17 more in Model Railroader or Model Railroad Planning, with 9 other articles or shoots pending. It is hard to imagine any other city coming close to this quantity and quality.

GREATER CINCINNATI	scale	publish	mag	comments
Eastern Loggers 1	HO/HOn3	1998	GMR	+ RMC, NMRA articles by owners
